

Barnyard Banter

Barnyard Banter

Description:

Barnyard Banter is a fun and educational game designed for young children. Press the animal shapes or the tractor to hear the sound they make. The game is covered in foam padding to ensure children won't be hurt if they bump into it.

If it hasn't been played with for a little while, the game will randomly play one of its noises to attract children.

This game is great at any soft play centre or nursery and it is designed to be wall mounted.

Other Themes:

Other themes are available such as cars and trucks, space, city sounds and jungle animals. If we can draw the shapes and record the sounds we can make it!

| | Barnyard Banter |
|--------|-----------------|
| Width | 100 cm |
| Height | 57 cm |
| Depth | 12 cm |
| Weight | 8 kg |

Note: All dimensions and weights are approximate.
